FINEX Statement on Easing of Quarantine

13 May 2021

"We are glad that Secretary Karl Chua has said that there is an opening for easing of quarantine restrictions. We hope it will happen sooner than later as recent data appears to justify it. We urge, however, that we strictly observe the health protocols, lest the economy continues to be on a partial lockdown that will make economic recovery difficult to the continued damage and prejudice of our people."

Atty. Francisco "Francis" Ed. Lim
President, FINEX

Transcending the New Frontier. Leading beyond Recovery.
