

**FINANCIAL EXECUTIVES INSTITUTE  
OF THE PHILIPPINES (FINEX)**

**FINEX Statement  
on temporary suspension of AstraZeneca vaccines for people under age 60  
9 April 2021**

"We respect the decision of the FDA but we urge that it acts swiftly in making a final decision as the data indicates that at least 87% of those infected with Covid 19 are under 60 years old. We trust that the FDA be guided by science in making this all-important decision.

In the meanwhile, we urge the government to expedite the acquisition of alternative vaccines. Our health system is overwhelmed and our people are dying."

ATTY. FRANCISCO ED. LIM  
FINEX President
