

P&A GRANT THORNTON-FINEX ACADEMY
**FINANCE LEADERSHIP
PROGRAM**

P&A GRANT THORNTON-FINEX ACADEMY FINANCE LEADERSHIP JOURNEY

Chief Financial Officers (CFOs), in their capacity as strategists and catalysts, drive performance and innovation to generate both immediate and long-term value for their organizations while maintaining a risk-intelligent culture.

CFOs serve as veritable stewards and operators who preserve their firms' reputation across all stakeholders by ensuring compliance with the law, by safeguarding assets and resources, and by providing timely, efficient and reliable delivery of financial services.

CFOs harness talent and empower people around them by engaging and aligning them with the organization's strategy through a value-risk lens.

The FINEX Academy recognized these pivotal roles CFOs perform and conceptualized a program series that focuses on enriching the Finance professional's career journey towards becoming a transformational CFO, strategic Finance leader and strong business partner.

The P&A Grant Thornton - FINEX Academy Finance Leadership Program is a three-stage masterclass - Emerging > Executive > Senior - that supports the development needs of financial executives across six key themes: Leadership, Governance, Sustainability, Technology, Business Partnering and People.

What sets the FINEX Academy's Finance Leadership Program apart from other finance management courses in the market is its unique value proposition: the class sessions are supplemented by interactive discussions on the real-life experiences of the FINEX Faculty: consisting of seasoned CFOs, some of whom are past CFO of the Year awardees and CFOs-turned-CEOs, FINEX Past Presidents and FINEX members who are established Finance practitioners and experts in their fields.

This program is a Must for: financial executives who wish to accelerate their career development by reinforcing the skills and core competencies expected of Finance leaders, or business executives who seek to leverage the value of the partnership with their Finance colleagues.

PARTNERS

Institute of Corporate Directors

The **Institute of Corporate Directors (ICD)**, is a non-stock, not-for-profit organization dedicated to professionalizing corporate directorship and raising the corporate governance standards of the Philippines. ICD was established in the aftermath of the Asian financial crisis by former Philippine Finance Secretary Dr. Jesus P. Estanislao, the institute's Chairman Emeritus, to establish and promote higher

corporate governance standards in the Philippines. ICD is one of the organizations that comprise the Centers for Excellence in Governance (CEG).

Management Strategies

Management Strategies is a global consulting company based in Asia. We specialize in organizational transformation in the areas of Culture Branding, Strategy Development, Leadership Development, Capability Building, Team Engagement, and Society. We work with our clients to create customized solutions that address their need needs and help future-proof their companies.

We started in Hong Kong in the '80's, opened in the Philippines in 1992, and in Malaysia in 1998. And we have over 50 consultants and coaches worldwide.

Roadmaps + Beyond was established over 16 years ago as an organizational training and consulting company. Engaging over 60 trainers, facilitators, and consultants through the years, we have served some of the largest and most respected organizations in the Philippines, and around the globe.

Roadmaps + Beyond has a strong track record in its four main activity areas:

- Workplace Training, having been repeatedly engaged to train for leadership, workplace learning, values development, and management skills;
- Coaching and Mentoring, having project managed and mentored over 20 groups of individuals in different career stages and different organizations, whose participants have since referred us to new organizations;
- Strategic and Business Planning, having consulted and facilitated for many large and respected companies in repeat engagements over a decade long;
- Organizational design and development, having designed organizations, recommended organizational changes, designed competency frameworks, and designed suites of courses for major organizations.
