

P&A GRANT THORNTON-FINEX ACADEMY
**3rd EXECUTIVE FINANCE
LEADERSHIP PROGRAM**

P&A GRANT THORNTON-FINEX ACADEMY FINANCE LEADERSHIP JOURNEY

Chief Financial Officers (CFOs), in their capacity as strategists and catalysts, drive performance and innovation to generate both immediate and long-term value for their organizations while maintaining a risk-intelligent culture.

CFOs serve as veritable stewards and operators who preserve their firms' reputation across all stakeholders by ensuring compliance with the law, by safeguarding assets and resources, and by providing timely, efficient and reliable delivery of financial services.

CFOs harness talent and empower people around them by engaging and aligning them with the organization's strategy through a value-risk lens.

The FINEX Academy recognized these pivotal roles CFOs perform and conceptualized a program series that focuses on enriching the Finance professional's career journey towards becoming a transformational CFO, strategic Finance leader and strong business partner.

The P&A Grant Thornton - FINEX Academy Finance Leadership Program is a three-stage masterclass - Emerging > Executive > Senior - that supports the development needs of financial executives across six key themes: Leadership, Governance, Sustainability, Technology, Business Partnering and People.

What sets the FINEX Academy's Finance Leadership Program apart from other finance management courses in the market is its unique value proposition: the class sessions are supplemented by interactive discussions on the real-life experiences of the FINEX Faculty: consisting of seasoned CFOs, some of whom are past CFO of the Year awardees and CFOs-turned-CEOs, FINEX Past Presidents and FINEX members who are established Finance practitioners and experts in their fields.

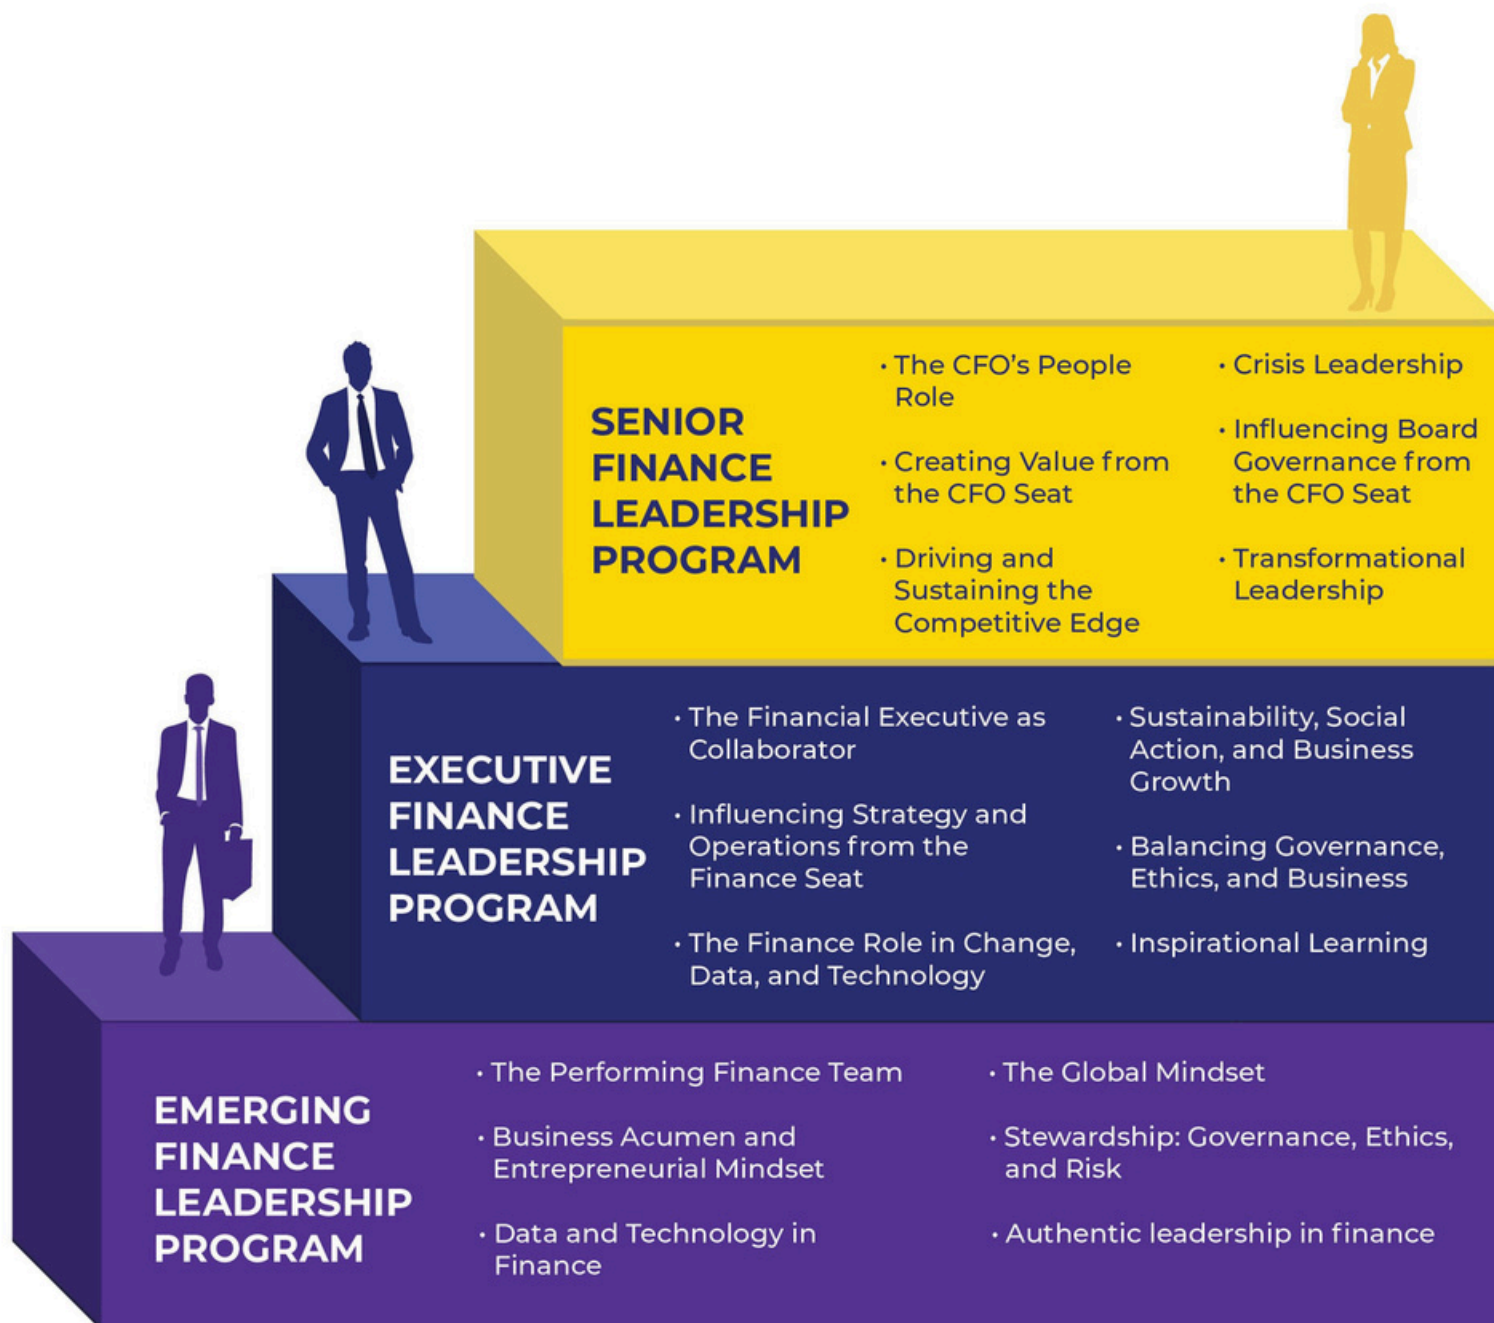

This program is a Must for: financial executives who wish to accelerate their career development by reinforcing the skills and core competencies expected of Finance leaders, or business executives who seek to leverage the value of the partnership with their Finance colleagues.
